

CDH-N-4L Folding Towel Machine (1 embossing, 1000mm Jumbo roll, 1 paper shelf)

Description	Price (FOB XIAMEN)
CDH-230-N-4L (1 paper shelf)	

❖ Function and Feature:

- ❖ Steel to steel embossing, pneumatic embossing.
- ❖ It adapt to vacuum suction technology.
- ❖ Pneumatic pot slitting and convenience to pull through machine
- ❖ It has more correct and low noise timing belt driving.
- ❖ Optional programmable controller(PLC)

❖ Main Technical Parameter

- ❖ The width of jumbo roll: 1000 mm
- ❖ The diameter of jumbo roll: 1100mm
- ❖ Unfolding final production: 210×230mm
- ❖ Production speed: (60-100m)* /min
- ❖ Electric power: 15KW
- ❖ Machine size: 3000×1600×1900mm
- ❖ Weight: 3000kg

❖ Finish Production of Machine:

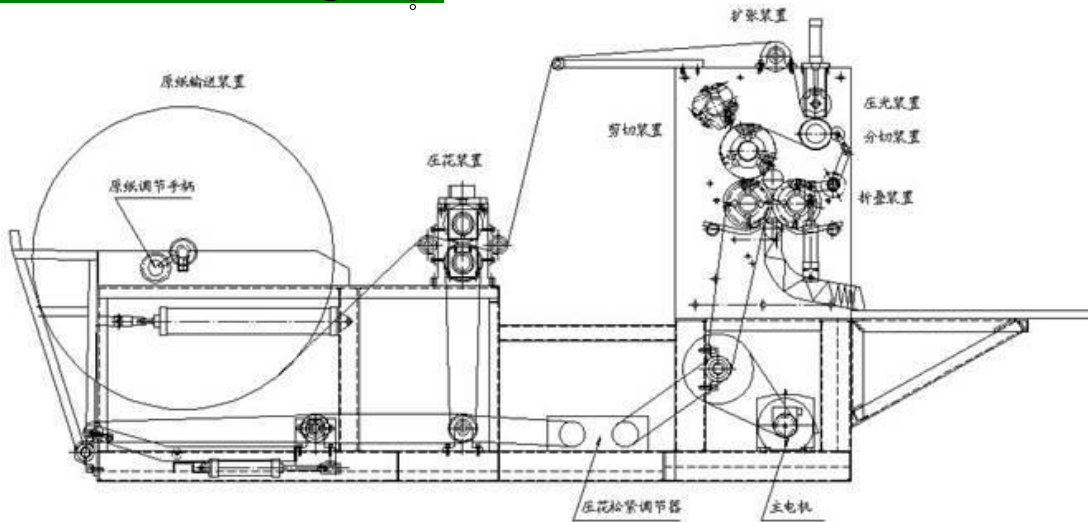

❖ Machine's details picture:

❖ The quality of machines:

- ❖ All transmission parts are processed by box irons, they are resist pressure and toughness.
- ❖ Adopt China name-brand CHINT electricity and bearing.

Machine flow diagram
